

1. In the Verses: For lyric spacing, I had to go with 3-bars-per-staff. Musically, they feel like 4+5.
2. Bass dilemma in "5-voices" section: Mike Love sings lead on this song, and he was always the bass singer. Wikipedia claims that five guys sing on this record, but this bass sounds like Mike too, especially as it seamlessly flows into the next section. Overdubbed? And due to the low recording fidelity, I've done some guessing as to how much is sung... Bass might only sing on: V1 "have a good time", V2 tacet, V3 "know I'm comin' back".
3. The numbers in the left margin indicate Verses 1/2/3.
